

Enterprise Elementary DISTANCE LEARNING UPDATE

Enterprise School
District

Due to the COVID-19 closure all students K-12 will be utilizing Google Classroom to receive their instruction from their teachers. On April 13th Enterprise School District will go live. Below are tips for parents and students to help you through this transition.

Preparing students for Distance Learning

- By now you should have received technology requested from the school. If you are in need of a Chromebook/Ipad or Hot Spot please contact your child's teacher.
- Create a schedule for your child's distance learning experience. Encourage your child to stick to a schedule such as e-learning time, outdoor time, chore time, etc. to help them live a well balanced lifestyle.

Access and Communication

- Verify that your student is able to access the online learning platforms. Teachers will be contacting parents this week with username and passwords for your child's Google Classroom.
- Stay in contact with your child's teacher regularly to update them regarding any changes via e-mail or phone number.

Resources for Families

**WE ARE EXCITED TO ANNOUNCE ONLINE TUTORING WITH
MR. STEVE & MISS. BRANDY!**

If you or your child has a question on their assignment Mr. Steve and Miss. Brandy are here to help! Steve is available 8-11 am & Brandy is available 12-4 pm. They will be able to create videos showing you instruction, talk with you on the phone or meet them in their Google Classroom! Simply email help@enterprise.k12.or.us and they will reach out to you.
